MILLER'S TREE FARM

11197 E. 700 N.

At Miller's Tree Farm, we are making significant investments in growing many trees in Rootmaker® Products. Rootmaker® is dedicated to creating fibrous root systems. Their products are designed to promote root branching and the production of more root branching at every phase of production. Each step compliments the next. The result is the ultimate fibrous root system without toxic levels of copper (spinout). A more fibrous root system means a greater surface area and translates to a greater efficiency in the absorption of water and nutrients; an increase in growth rate, establishment, and vigor; a higher transplant survivability; and ultimately, superior performance for your customers.

We have several thousand shade and flowering trees in knit fabric containers in ground, nearly 2000 trees in above ground Rootbuilder®, now have 20,000 trees of many varieties growing in 5 inch knit fabric bags, and installed a RootTrapper®-in- Pot system. The RootTrapper® Soft Sided Container is a black, spun-bonded fabric, which has been laminated with a white coating. This unique container stops circling roots and continues to stimulate root branching by trapping root tips. Water usage is reduced for shipping and the white outer coating greatly reduces container temperature so roots do not die on the sunny side as with black plastic pots. Most RootTrapper® trees are 7, 10, 15, & 25 gallon. Rootbuilder® containers are mostly 30, 50, & 70 gallon size and are available for harvest at any time of the year. We are striving to supply superior trees!

TERMS AND CONDITIONS

Miller's Tree Farm sells only hardy and healthy stock, and cannot guarantee the productivity of our material. All sales are final! Sorry, No returns.

Orders will be voided should stock become damaged by fire, hail, frost, or any other reason beyond our control that would prevent us from making delivery.

Indiana sales tax will be added unless exemption certificate is presented or on file.

Quantity pricing is per invoice. Different sizes and varieties cannot be added together to obtain quantity price.

Prices are F.O.B. our nursery, but delivery can be arranged if needed.

Prices subject to change without notice. \$30.00 will be charged for all returned checks.

Buyers agree that any dispute arising out of the sale of goods or services from Miller's Tree Farm will be litigated in White County, Indiana, and the State of Indiana shall be only forum for any and all litigation. The non-prevailing party in such action will be liable to the prevailing party for reasonable attorney fees.

Not all plants listed here are available at all times of the year.
